Dev Diwali, on the Ganges

Three days in the oldest living city. One night of countless lamps.

Every transfer is in a private car with a dedicated driver, from the moment you arrive to the moment you leave. Your trip lead is on WhatsApp throughout.

DAY 1 · AFTERNOON

Into the old city

Old temples, old lanes, and the city told in light.

At three, our private car collects you for a temple visit in the old city, where devotion has been offered for centuries.

Next, a guided heritage walk through the narrow lanes of Kashi, past old shrines, ghats and courtyards, where every corner holds a story of devotion.

At five, the story of Varanasi unfolds in light at the laser show at Man Singh Observatory, bringing the city's ancient heritage and celestial wonders to life.

As dusk settles over Kashi, we take to the Ganges by boat to witness the Ganga Aarti at Dashashwamedh Ghat, where sacred chants, flickering flames and the river's timeless rhythm create an unforgettable spectacle.
