Into the old city

The guardian of Kashi, and the city told in light.

At three, our private car collects you for Kaal Bhairav Temple, the shrine of Kashi's guardian deity, whose blessing is sought before any other in the city.

At five, the story of Varanasi unfolds in light at the laser show at Man Singh Observatory, bringing the city's ancient heritage and celestial wonders to life.

Next, we visit Mahamrityunjay Temple, dedicated to Lord Shiva as the conqueror of death, where centuries of devotion meet prayers for healing, protection and renewal.

As dusk settles over Kashi, we take to the Ganges by boat to witness the Ganga Aarti at Dashashwamedh Ghat, where sacred chants, flickering flames and the river's timeless rhythm create an unforgettable spectacle.
